

Spa & Wellness - Devin SPA Hotel

The town of Devin is located in the heart of the Central Rhodopes Mountain, in the valley of the Vacha River. The curative mineral water is the greatest treasure of the region. The town combines diverse relief, picturesque nature, mild climate and enjoys the presence of several types of mineral water springs with high capacity and average water temperature varying from 16°C to 78°C. It is exactly this combination of nature, air and water, as well as the hospitality of the native-born, that makes the region an attractive tourist destination.

Availability dates:

07 April 2008 - 01 December every day

Country region: Bulgaria

Devin SPA Hotel**** is located in the centre of the town. This is the perfect place for you to relax and indulge in pleasant recreation and cultural entertainment.

The SPA Centre of the hotel combines the unique therapeutic advantages of mineral water resources with the latest achievements of medical technology, offering perfect conditions for relaxation and recreation of both body and soul.

The SPA center operates with mineral water from the "Bedenski" natural spring.

According to specialists, this water is suitable for prevention and treatment of different diseases of the cardiovascular and locomotory system, as well as functional disturbances of the nervous system. Before you start any of the programs you will be able to have medical examination and consult with our specialists.

The center offers: inside swimming pool with children's section, water fan, air and water jets; Jacuzzi – 6 seats; "Tired feet" pool; therapeutic pool; small outside swimming pool; "Vichy" shower; pearl tub + tangentor; chromo

and music therapy tub; cosmetic room; mud and algae treatment sector; physiotherapeutic sector: inhalation (with mineral water, with medicines, with herbs); magnet therapy; darsonval; ultrasound; electrotherapy; vacuum therapy; kinesitherapy room; fitness; vibrosauna; sauna; solarium; Balneo-drinking sector.

The center offers a variety of beauty /relaxing programs and also therapeutic programs, which use the healing qualities of the mineral water and natural resources. Different joint disorders such as coxarthrosis,

deforming spondiloarthrosis, osteoporosis, intervertebral discs disorder and peripheral nervous system disorders can be effectively treated for pain reduction, improvement of movement and delay of disorder.
